OFFICIAL PAPER OF SIOUX COUNTY.

Geo. D. Canon, - - - Editor.

Entered at the Harrison post office as second class matter.

The JOURNAL stands fairly and squarely on the Chicago platform, but will not hesitate to support and work for the election of candidates for the various offices to be voted for this fall no matter whether they are Democrats, Populists or free silver Republicans, if endorsed by all the reform parties, conditional, however, that they advocate bi-metallicism the income tax law, opposition to national banks of issue, are opposed to the retirement of the greenbacks and treasury notes, favor government control of railroads, telegraph and telephone lines and the establishment of postal savings banking system, and also are opposed to the issuing of national bonds in time of peace.

### FUSION STATE TICKET.

For Governor: HON. W. A. POYNTER.  
For Lieut. Governor: HON. A. E. GILBERT.  
For Sec. of State: HON. W. F. PORTER.  
For State Treasurer: HON. J. R. MISERVE.  
For State Auditor: J. W. CORNELL.  
For Attorney General: HON. C. J. SMYTH.  
For Com. Pub. Lands & Buildings: HON. J. V. WOLFE.  
For Sup't. Public Instruction: HON. W. R. JACKSON.  
For Senator 14th Senatorial District: Hon. OTTO MUTZ.

The Spanish builders of the barbed wire trocha are now forced to admit that it was nowhere near American pig proof.

By cute diplomacy, Spain proposes in some way to make Cuba liable for the Spanish bonds to the amount of 555 million dollars. Certainly this government would never permit such an act.

The republican candidate for governor could not make the race for congress because the B. & M. railroad would not let him run. He could do them better service down at Lincoln if elected but he will get left.

Hon. John R. McLean of Cincinnati, emphatically denies that he will succeed Hon. R. A. Alger, as secretary of war here is what he says:  
Please deny in most positive terms the statement of the Times-Star.  
J. R. McLean.

The National W. C. T. U., have decided after mature reflection to abandon all claims to their building in Chicago known as the woman's temple. In so doing they feel that a great burden is lifted from their shoulders.

The appointment of P. O. Hedlund to be secretary of the republican state central committee who was chief clerk under Eugene V. Moore, who stole \$28,000, during his term of office, ought to be sufficient to defeat that party on general principals, if for no other reason. They should have made Mr. Moore's Chairman of the same committee.

The amount of fees received during Eugene Moore's term of office as state auditor was \$37,000 and out of that he covered into the state treasurer only \$9,000 pocketing the other \$28,000. That is a record breaker for the republican party to go before the voters this fall isn't it? Yet in the face of all that his chief clerk has been made secretary of the republican state central committee.

The issues of the coming campaign are now clearly defined. Our only safety is to stand firmly and united by them.

The republican congressional convention held at Council Bluffs, Ia., on Aug. 18th seems to have broken the record for a long dead lock, having taken 525 ballots without nominating a candidate and were forced to take a recess of three days, before concluding the convention.

The JOURNAL confidently expects Hon. Lewis Garlach to be nominated for representative of this 53rd district at Crawford on September 10th. Roy Butte Sheridan and Dawes give Sioux county the candidate this year. We expect them to be magnanimously generous.

The re-nomination of senator Mutz of Spring view Kaysa Pa county to represent this district in the legislature next winter by the fusion conventions at Valentine last Saturday, is equivalent to an election and is a vote for the reelection of senator Allen.

According to a special dispatch from Dayton, O., to the Denver News of 23rd inst., a rumor is in circulation there that John R. McLean, editor and proprietor of the Cincinnati daily and weekly Enquirer, is likely to become secretary of war in president McKinley's cabinet to succeed Hon. R. A. Alger who may resign.

### No Compromise.

The St. Louis platform misled millions by the promise of "international bimetallicism." Thank God that phantom has vanished. What next? Equally deceptive and unmeaning "conservatism." As defined by the gold oligarchy mean one and the same, and like the cry of "sound money," are only calculated to tickle the ear. Let the "conservatism" join the republican party of like proclivities or fall in at the rear of the general procession or fall in at the rear of the general procession—the further in the rear the better. But the idea of taking that fragment back into the party they deserted in its time of need would be as impolitic and unwise as to invite Spanish prisoners on their way to Spain to return and join Gen. Shafter's army.

### They Would Retire the Greenbacks, Treasury Notes and Silver Certificates.

According to the republican theory of finance, incorporated in the St. Louis platform—the single gold standard—as defined and interpreted by secretary Gage who in that case is the accredited exponent of the party and no doubt stands nearer to the administration (except Mark Hanna) than any other man in the party they would retire half the circulating medium of the country, especially that kind of money that circulates among the people.

Secretary Gage declared unreservedly that the \$345,480,927, in greenbacks should be retired; the silver purchased under the Sherman act be gradually sold and the treasury notes (silver certificates) redeemed and cancelled. What does it mean? Simply, it means the single gold standard, national banks of issue, and bonds when wanted. Let us see what secretary Gage's policy would result in if carried out. The amount in circulation at present of all kinds of currency is as follows:

Gold coin	\$ 547,568,300
Standard silver dollars	61,491,073
Subsidiary silver	65,720,308
Gold certificates	36,575,689
Silver certificates	376,695,592
Treas. notes, act July 14, '90	103,443,936
U. S. notes (greenbacks)	346,480,927
Currency certificates, act of June 8, 1872	43,315,000
National Bank notes	223,827,735

Total \$1,821,100,640

Now then, the republican party's theory of financial "reform" voiced in behalf of the money powers of Europe and the United States would take out of circulation the following kinds of money, which bears no return of interest to the bondholders and money shysters:

Standard silver dollars	\$ 61,720,308
Silver certificates	376,695,592
Treas. notes, act July 14, '90	103,443,936
U. S. notes (greenbacks)	346,480,927
Currency certificates, act of June 8, '72	43,315,000

Total \$931,655,763

Thus it can be seen very readily, that the money they wish to retire from circulation is the kind of money mostly circulating among the people, besides it will reduce the per capita amount almost one half.

In the opinion of the JOURNAL, we believe candidly, if the people of the country thoroughly understood the republican theory and plan of finance meant, and what the result will be of a gold standard, they would surely turn the gold party down hard at the polls on the 8th day of next November.

### Robbed by Trusts.

Direct taxation is not borne with equanimity by the people of the United States. But when such taxes are imposed on as means of raising revenue to carry on war, objections are silenced. There is a form of taxation however, which is more heavy than any imposed on by the government, and that is the tax levied on all consumers by the trusts. Almost every day the announcement is made of the formation of a new trust or of the increase in the price of articles manufactured by some trust. Yesterday it was the plate glass trust. Tomorrow it will be some other trust. Every one of these trusts is protected by the republican administration. Every one of these trusts helped to elect McKinley. If the people are tired paying tribute to the trusts, they should cease to vote for the candidates of the republican party. So long as Mark Hanna, Steve Elkins and McKinley are kept in power, just so long will the trust multiply and flourish, just so long will the people be taxed to make the rich richer and the poor poorer. In the light of every day experience the people ought to see the result of republican success, and should take measures to destroy the party which creates the trusts.

### World-Herald Day.

The Exposition Management Names August 24th as World-Herald Day.

In honor of the thirteenth anniversary of the establishment of the Omaha evening World which later consolidated with the Omaha Morning Herald, the exposition management has designated August 24 as World-Herald day.

On that day the railroads will sell tickets from all parts of Nebraska at one fare for the round trip and from some sections for even less. The exposition will make a special half rate admission in the evening and a grand display of fireworks will take place upon the exposition grounds at 9 p. m. At noon upon World-Herald day the editors of Nebraska papers will take lunch with the World-Herald upon the exposition grounds and in the afternoon and evening as guests of the World-Herald will visit the Midway and take in as many of its thirty-four attractions as time will permit. At 4 p. m., the United States life saving services will give an exhibition of saving shipwrecked and drowning people upon the lagoon near the government building. The great Mexican land from the City of Mexico will play both afternoon and evening upon the exposition grounds in open air concert.

The Indian village, Chinese village, Streets of all Nations, Streets of Cairo, Ostreich farm, Old plantation, Hazen-back wild animal show, German village, Wild west and all other attractions will give their best shows, and such places as the giant see-saw, shoot the chutes and others will be in full blast. On account of the low railroad rates and extra attractions as well as in honor of the World-Herald a great attendance is expected.

### Beautiful Easter Lillies or Fairy Lillies.

Florida is the home of the famous Easter Lily. During the blooming season, in some places, the ground is almost white with their beautiful, lily white flowers, and thousands of them are picked by the colored children and carried to market. Before coming north I had a fine lot of the lily bulbs dug, and brought them with me; they make lovely house plants and are sure to bloom. Any one who would like two or three of these lily bulbs can have them by sending a stamp to pay postage. You are indeed very welcome to send as I can get more when I return to Florida next fall.
